Supreme Court of California/Admissible evidence

Judge Kyle Brodie, Undue Influence, could be
 question, influencing the expert witness, DR
 Lance, who gave false statements, and a
 fraud report, with no examination, diagnosis
 or test, his report as an expert witness
 was intentionally fraud, knowingly and purposely
 giving a false medical report, had defendant
 a competent attorney and a unbiased judge
 defendant would have been innocent of both
 criminal and mental court, which would have
 resulted in case dismissal. Judge Kyle Brodie also
 seal court records to hide these facts and to
 cover up his misconduct.
